### **Table Legend**

*N* is the enrolment in the course. *n* is the number of responses. The first line for each course shows response averages, typeset in boldface. Group averages are calculated for four reference groups: (a) undergraduate required courses (200-299, 390-399, 490-499); (b) undergraduate optional/elective courses (300-389, 400-489); (c) MBA courses; and (d) MSc/PhD courses. Tutorials and labs (identified by a T or L in the course section code) are excluded in the calculation of group averages.

### Table Legend

$N$  is the enrolment in the course.  $n$  is the number of responses. The first line for each course shows response averages, typeset in boldface. The second line for each course shows the average for the reference group. Group averages are calculated for four reference groups: (a) undergraduate required courses (200-299, 390-399, 490-499); (b) undergraduate optional/elective courses (300-389, 400-489); (c) MBA courses; and (d) MSc/PhD courses. Tutorials and labs (identified by a T or L in the course section code) are excluded in the calculation of group averages.
